Professor Warwick Anderson is
CEO of Australia's National Health
and Medical Research Council. His
previous appointments include Head
of School of Biomedical Sciences at
Monash University and Deputy
Director of The Baker Institute.

Dr Philip Campbell is the Editor-in-
Chief of *Nature* and the Editor-in-
Chief of *Nature* publications. He is
also the founding editor of *Physics
World*. He is a Fellow of the Institute
of Physics and a Fellow of the Royal
Astronomical Society.

Professor Ingrid Winship is the
Research Director of Melbourne
Health. She is also concurrently
Professor of Clinical Genetics at the
University of Melbourne and Head of
the Adult Genetics Service at
Melbourne Health.

Ms Bernie Hobbs is a multi-award-
winning science writer and
broadcaster with ABC Science
Online. Her background is in medical
science and teaching.
